

Creating a better tomorrow: **Aviva's climate goals**

Our plan is to become a Net Zero carbon emissions company by 2040* – the most demanding target of any major insurance company in the world today.

Targeting Net Zero on carbon emissions we produce ourselves by **2030**, from our suppliers by **2030** and from customers' and shareholders' investments by **2040**.

Today

- **First major UK financial services company to target Net Zero carbon by 2040**
- Operational emissions cut by 66% since 2010
- New 'Climate Engagement Escalation Programme' – to drive change in high-emitting companies or divest them
- Submitting climate targets to SBTi for validation
- Offering customers Climate Transition Funds and Net Zero-aligned default pensions
- Annual reporting on progress and first insurer to commit to putting our climate disclosures (TCFD) to an AGM vote

By the end of 2021

- Aviva will have stopped underwriting insurance for companies making more than 5% of their revenue from coal or unconventional fossil fuels, unless they have signed up to Science Based Targets

By the end of 2022

- Divest from companies which make more than 5% of their revenue from coal, unless they have signed up to Science Based Targets
- Expected to invest a further £10bn of assets from its auto-enrolment default funds and other policyholder funds into low carbon strategies (of which £5bn has already been announced)

By 2025

- **25% cut in carbon intensity of investments**
- 100% renewable electricity for all offices, which total 230,231 square metres, and 100% electric/hybrid vehicle new leases for our 1,540-strong motor fleet
- Aviva will invest £6bn in green assets, including £1.5bn of policyholder money into climate transition funds
- Aviva investors will invest £2.5bn in low carbon and renewable energy infrastructure and deliver £1bn of carbon transition loans

By 2030

- **60% cut in carbon intensity of investments**
- Net Zero operations
- Net Zero supply chain
- £100m committed to nature-based solutions

By 2040

- **Net Zero company with Net Zero carbon investments**

A colorful illustration depicting a sustainable lifestyle. On the left, there are wind turbines and solar panels. In the center, a blue electric car is being charged at a station. To the right, a family is shown: a man pushing a stroller, a woman, and a child. Further right, a man is riding a bicycle. The background features a mix of green trees, a city skyline, and a clear blue sky with birds.
