

Important: Changes to your policy terms and conditions

With effect from your renewal date, your Aviva Trademark Policy will incorporate revisions to some of the terms and conditions applying to your cover.

This is a summary of the main revisions to your policy cover. The enclosed policy document reflects the cover being provided from renewal.

In addition, some of the endorsement wordings contained within your Renewal Schedule may have been amended. These endorsement wording changes could include additional conditions you must comply with to avail of the benefit of cover and/or apply restrictions to the cover being provided.

If there is anything in the endorsement(s) in your Renewal Schedule that is inconsistent with the Consumer Insurance Contracts Act 2019 (“the Act”) it will be read in a manner consistent with this Act. In particular please note that any endorsement (including any endorsement described as a ‘warranty’) that imposes a continuing restrictive condition shall be treated as a suspensive condition.

It is important that you read this document, your policy and schedule carefully to ensure it meets your needs. If you have any questions about the changes made, please contact your broker or intermediary to discuss in more detail.

Policy Section	Change
General Exclusions – All sections	A new General exclusion 12 has been included in respect of Sanctions.
The following revisions apply if the Section is shown as In Force on your Schedule	
Section 1 – Material Damage Special Clauses, Conditions, Exclusions and Extensions	28. Removal of debris: amended to clarify that whole extension wording applies to parts (a), (b) and (c).
